

**Notice of Filing of Report and Public Hearing
To Consider the Collection of Sewer Service
Charges for Fiscal Year 2020-2021
On the Property Tax Roll
LEGAL NOTICE**

The City of Auburn (City) annually collects sewer service charges from the owners of real property within the City. The City collects these charges on the property tax roll.

The Department of Public Works has filed a written report with the City Clerk describing each parcel of real property subject to sewer charges and the amount of the charge assessed against the parcel for Fiscal Year 2020-21. In order to generate revenue sufficient to fund the cost of service, the 2014 rate analysis recommended sewer service charges through Fiscal Year 2018-19 and established annual rates outlined in the Auburn Municipal Code section 52.026(B). The monthly service charge set for a typical residential sewer unit rate in FY2018-19 was \$78.63 and is slated to remain the same in the upcoming fiscal year (FY2020-21).

The 2014 Rate Study is on file and available for public review in the City Clerk's office - 1225 Lincoln Way, Auburn, CA, 95603, Room 9; Administrative Services Department, Room 1; and, at the Public Works Counter, Room 3.

On June 8, 2020 at 6 pm, the City Council will hold a Public Hearing in the City Council Chambers located at 1225 Lincoln Way, Auburn, on the collection of sewer service charges on the property tax rolls. At the hearing the City Council will hear and consider all testimony on the matter.

Any questions regarding the charges may be directed to Derrick Whitehead, Public Works Department at (530) 823-4211 ext. 142.
